# Imperial<sup>™</sup> 2.0

## Introducing IMPERIAL 2.0<sup>™</sup>

New, lightweight material in the side rails reduces the overall device weight by 26 lbs.

We've eliminated the "lip" effect on the head covers leading to a sleek and seamless design. Each head gives the appearance of one solid piece of highly polished aluminum.

Our brand new IMPERIAL 2.0<sup>™</sup> offers the same strength and reliability as the original IMPERIAL<sup>™</sup> device, but in a sleeker and lighter form factor.

### IMPERIAL 2.0<sup>™</sup>

- » Total weight: **84 lbs.**
- » Load capacity: 800 lbs.
- » Quiet and durable
- » Low maintenance

### Original IMPERIAL<sup>™</sup>

- » Total weight: 110 lbs.
- » Load capacity: 800 lbs.
- » Quiet and durable
- » Low maintenance
